

0446 T-handle offset screwdriver, TORX[®], TX 10, MATADOR Item no.: 04460100

0446 T-handle offset screwdriver, TORX[®], TX 10, MATADOR Item no.: 04460100

Beschreibung:

T-handle angle screwdriver for internal TORX[®] screws.

Particularly **flexible and effective** in different space conditions. Should not be missing in any tool set. **Long side with ball head** at the end for fast screwing, **short side for powerful screwdriving**. Also ideal for screws that are difficult to access, as ball head **can be swivelled up to 25°**. With particularly ergonomic **2-component handle** with hard quick rotation and soft force zone made of TPE plastic. Fits perfectly in the hand due to a particularly ergonomic handle shape. This makes screws fun. With fully **hardened blade**, fully galvanic treatment of the surface (nickel-plated and chrome-plated) for long-lasting **corrosion protection**. Special **chromium vanadium alloy** for transmitting high torque values.
