

0876 Inspection mirror set 2 pcs, MATADOR item no. 08760001

Beschreibung:

Mirror, mirror in your hand. The 2-piece MATADOR inspection mirror set is ideal for visual inspection in hard-to-reach places. Quick identification of e.g. oil loss, corrosion or plug connections is no longer a problem. The telescopic arm can be extended from 250 mm - 890 mm and the head can be swivelled in all directions by means of a spring-loaded double ball joint. The set includes two mirror sizes, which are interchangeable via a quick-change system with bayonet catch. In a high-quality nylon bag with Velcro fastener.
