Beschreibung:

MATADOR’s Classics.

Resilient. Accurate. Flat. Durable. Safe. Non-slip. Non-glare. Simply good.

Double Open Ended Spanners Set. Tried and tested assortments of double open ended spanners. Ideal for tightening hexagon screws and when bolts or cables block the way. **Good grip** thanks to matt chrome-plated surface, also with oily hands. Heads are grinded and **polished fully automatically**, for **longer durability**. Jaws set at 15°. Torque values exceeding DIN standards for **additional safety**. **All important sizes** in one set. All 8 and 12 pcs sets in stable **premium rollbag** with water-resistant surface and comfortable Velcro straps. Made of **Chrome Vanadium**. Surface: matt chrome finish. Standards: DIN 3110 / ISO 3318 / 1085 / 10102.
