

0200 Double ended ring spanner set, DIN 838, 8 pcs., 1/4-1.1/4" AF, MATADOR item no.: 02009081

0200 Double ended ring spanner set, DIN 838, 8 pcs., 1/4-1.1/4" AF, MATADOR item no.: 02009081

Beschreibung:

Double-ended ring spanner set, 8 pcs. in roll-up case.

Field-tested set of spanners. Long shape for more power. Ring sides cranked for deep screw connections. Two dimensions per spanner. Ideal for hexagonal bolts and bolts in the way. Universally applicable for operating and counterholding screw connections. Proven, durable industrial quality since 1900. Torque values up to 70 % above DIN for additional safety. Made of chrome vanadium steel (31CrV3), with matt chrome-plated surface for comfortable grip even with oily hands. DIN 838 / ISO 10104.

With MATADOR smartDrive profile for optimum power development, protects screw and nut heads by transmitting power to the flanks. As a set in a practical premium roll-up bag with water-repellent surface and comfortable Velcro fastener made of resistant textile material, with two hanging holes for attachment to tool walls.

Contents: SW 1/4x5/16, 3/8x7/16, 1/2x9/16, 5/8x11/16, 3/4x25/32, 13/16x7/8, 15/16x1, 1.1/16x1.1/4" AF.
