0658 **2C-Screwdriver, PH 2x100 mm, MATADOR Item No.: 06580020**

Beschreibung:

2K screwdriver (PH 1). Premium workshop screwdriver for Phillips Recess screws. With 2-component handle and hard quick turn and soft power zone. With drive hexagon for torque amplification in conjunction with a wrench. With burnished lace. With hanging hole. Hard, black movement zone made of special plastic for quick gripping with low friction. Burnished tip for precise, durable fit in the screw. Chrome-plated blades made of high-alloy special steel for optimum corrosion protection. Soft and non-slip, grey grip zone made of TPE plastic for a secure grip with maximum pressure. With spherical stitching end for comfortable support at high torques. Anti-slip and roll-away protection due to hexagonal shape. Spare your hand and grab powerfully.
