

0696 Hand impact screwdriver set, MATADOR 06960001

0696 Hand impact screwdriver set, MATADOR 06960001

Beschreibung:

Blow by blow!

Turns every screw around powerfully.

Perfect for loosening stuck screws. Due to the **robust mechanics**, stuck screws are safely loosened.

The handy design allows the application even in confined spaces. The impact screwdriver has a 12.5 mm (1/2") holder and can thus hold the bit adapter as well as socket sockets securely. The bits are made of special steel. Everything together is well protected in a solid sheet steel cassette with flexible foam insert.

You should definitely have this powerful problem solver in your workshop.
