

0714 Flat chisel with hand guard, MATADOR item no. 07141250

Beschreibung:

Flat chisel with hand guard. For general and rough chiseling work on masonry, concrete or solid stone. With regrindable cutting edge 47-52 HRC. Hardened end of work. Very high strength due to special chrome-vanadium air hardener steel. Ideal for repairing soft materials. Inductively coated safety impact head. Polished work ends. For effective protection for the hand in case of failure. Hand guard made of impact-resistant plastic. Extra wide protective plate. No rolling away due to angular shape.
