6172 Torque spanner ECO, MATADOR 6172

6172 **Torque spanner ECO, MATADOR 6172**

Beschreibung:

MATADOR torque wrench ECO.

The low-cost alternative.

Torque wrench ECO. **Triggering torque wrench** for the semi-professional sector. Trigger accuracy ±4% of the set scale value. Repeatable and precise with at least 5,000 load changes. For **the controlled right suit** (therefore not suitable for loosening). With ribbed steel handle for **easy adjustment** of the desired torque value. **Permanently readable double scale** by steel embossing in N·m and n·kgs with **fine adjustment**. **Clearly audible triggering**. With **square drive** according to DIN 3120 - ISO 1174 with ball lock and integrated **lever changeover ratchet**. With individual **serial number** and **factory calibration certificate** according to DIN EN ISO 6789.

Technische Daten

Manufacturer-Number:	61720010M
