6179 VDE torque spanner, MATADOR item no. 61790025

Beschreibung:

Torque wrench VDE, 10 mm (3/8"): 5-25 Nm. Triggering torque wrench with square drive. The trigger accuracy is ±4% of the set scale value. Repeatable and precise with at least 5,000 load changes, for controlled right- and left-hand tightening. With a clear tactile and audible torque triggering. A double scale in Nm and lbf ft, with a large viewing window for optimal readability of the set values. The torque wrench has a robust ratchet mechanism with 32 teeth. Including ergonomic and hand-friendly handle. As well as a secure locking option on the handle. With square drive according to DIN 3120, ISO 1174 with ball lock and individual serial number and factory calibration certificate according to DIN EN ISO 6789.

6179 **VDE torque spanner, MATADOR item no. 61790025**
