8145 smartyBOX, 25 pcs S2 - Compact 81453115

8145 **smartyBOX, 25 pcs S2 - Compact 81453115**

Beschreibung:

smartyBOX S2 - Compact

Intelligent tools ultra-compact.

Intelligent tools with numerous additional features in a **versatile transport box** - that is the concept of the MATADOR smartyBOX. **Small, compact, stackable** and can be **clicked onto each other** for convenient transport. Thus you always have your **most needed tools** directly available **on site.**

The **S2** is the **perfect compact set** for all bigger screwing tasks from 6 - 22 mm. Thanks to the handy 3/8“ drive of **the new 90-teeth ratchet Z90** and together with **the 8° swiveling extension bars** you do no longer need to worry about hard-toreach areas. If more power is required especially **high torque** values (up to 50% above DIN standard) prove their advantage. The **adjustable wrench** helps countering nuts or whenever bolts and cables require an open ended wrench.

The smartyBOX - really smart.
