

8150 Cube XL: combination spanner 8-pcs. 8-22 mm MATADOR 81500185

8150 Cube XL: combination spanner 8-pcs. 8-22 mm MATADOR 81500185

Beschreibung:

The MATADOR Cube XL module with the 8-piece combination spanner set should not be missing from any tool kit. The industrial quality ensures tightening torques well above the DIN standard and the flat heads make it easy to work even in tight spaces. The spanners made of chrome vanadium are manufactured and ground fully automatically, which extends the life of the screws as well as the tools. An extremely durable matt nickel-chrome coating provides additional corrosion protection and grip, even with oily hands. The intelligently milled soft foam insert allows for easy tool removal. Suitable for the MATADOR workshop trolleys RATIO and VARIO as well as Men's Kitchen, but also for almost all commercially available workshop trolleys and box systems. Contains the most important combination spanners (SW 8, 10, 11, 13, 14, 17, 19, 22 mm).
