

8150 Cube XS: socket set 13 pcs., 6.3 mm (1/4"), MATADOR 81502075

Beschreibung:

8150 Cube XS: socket set 13 pcs., 6.3 mm (1/4"), MATADOR 81502075

The MATADOR Cube XS module with the 13-piece socket set contains the most important sizes for hexagon head screws. The proven SmartDrive profile, also on the drive side, protects screws and allows greater torque values to be achieved. The hexagon inserts are designed exclusively for manual operation. The careful and precise machining of these tools, made of chrome vanadium, guarantees a perfect fit. An extremely durable nickel-chrome coating, inside and out, provides additional grip and corrosion protection. The intelligently milled soft foam insert enables easy tool removal. Suitable for the MATADOR workshop trolleys RATIO and VARIO as well as Men's Kitchen, but also for almost all commercially available workshop trolleys and box systems. Contains the most important socket sizes (4, 4.5, 5, 5.5, 6, 7, 8, 9, 10, 11, 12, 13, 14 mm).
