

8150 Cube XS: Bit inserts TORX® 16-pcs., 6.3 mm (1/4"), MATADOR 81502092

Beschreibung:

The MATADOR Cube XS module with the 16-piece screwdriver bits contains TORX® tools for internal and external screw connections. For a long service life, the manganese-phosphated tips are made of hard special steel. This guarantees optimum power transmission and protects the tool as well as the screw connections. The careful and precise machining of the sockets for external TORX® screws, made of chrome vanadium, guarantees a perfect fit. An extremely durable nickel-chrome coating provides additional grip and corrosion protection. The inserts are designed exclusively for manual operation.

8150

Cube XS: Bit inserts TORX® 16-pcs., 6.3 mm (1/4"), MATADOR 81502092

The intelligently milled soft foam insert allows for easy tool removal. Suitable for MATADOR RATIO and VARIO workshop trolleys as well as Men's Kitchen, but also for almost all commercially available workshop trolleys and box systems.
