

8150 Cube M: Socket spanner set 4-pcs. 24-32 mm 12.5 mm (1/2") MATADOR 81504175

Beschreibung:

The **MATADOR Cube M** module with the 4-piece socket set contains the most important sizes for large hexagon head screws.

Due to the proven SmartDrive profile, also on the drive side, screws are protected and larger torque values can be achieved. The applied cross knurling also enables work with oily hands. The hexagonal inserts are designed exclusively for manual operation. The careful and precise machining of these tools, made of chrome vanadium, guarantees a perfect fit. An extremely durable nickel-chrome coating, inside and out, provides added grip and corrosion protection.

The intelligently milled soft foam insert allows for easy tool removal. Fits MATADOR RATIO and VARIO workshop trolleys and Men's Kitchen, but also almost all commercially available workshop trolleys and box systems. Contains the most important

8150 Cube M: Socket spanner set 4-pcs. 24-32 mm 12.5 mm (1/2") MATADOR 81504175

socket sizes (24, 27, 30, 32 mm).
