workshop. The two-tone flexible foam insert allows perfect order and easy tool control (missing tools are immediately detected) and can be combined completely flexibly. Suitable for the MATADOR workshop trolleys RATIO and VARIO as well as the Men's Kitchen, but also for most commercially available workshop trolleys and drawers. Contains the most important VDE screwdrivers in slot and PH versions. The practical voltage tester is of course also included. This basic range is rounded off by two practical carburetor screwdrivers. All screwdrivers are equipped with modern, ergonomic 2-component handles for powerful work. The blades are made of high-alloy special steel and the working tips are precisely manufactured and burnished. This ensures a permanently perfect fit in the screw.
