

Innovations and hot deals.

2024 EN.

Premium hand tools and more since 1900.

MATADOR is the opposite of mainstream.

We stand for upmarket premium tools. Reliable, design-focused, efficient. Intelligent tightening tools made for decision makers, fighters and **everyday heroes**. For real MATADORs.

For people who know and express what they want. People who are inside the arena, not in the stands. Who know the difference between tools and toys. Who do not seek excuses and are true to themselves. Past and present. For down-to-earth, straightforward and assertive individuals with life experience and stories to tell. Who overcome adversity, manage a healthy work-life balance and believe in themselves.

Welcome to the arena.

Be a MATADOR.

It takes something more to make a really good ratchet.

More teeth. More power. More grip. More applications. More design.

Extremely fine toothed, extremely strong, extremely ergonomic.

Everything at a glance.

Tool sets systems.

The 47-piece S0 Compact fits with its handy size in every glove compartment or under the motorbike seat. Ideal as a small helper on the road.

The 52-piece S0 is our budget-friendly solution for entering the world of smarty-BOXes.

The 61-piece S1 leaves nothing to be desired when it comes to carrying out a small repair. Including bayonet handle and premium combination pliers.

The 26-piece S2 is the perfect compact box for all screw connections from 6 - 22 mm with adustable ratchet spanner for countering. Complements the S1 perfectly.

The 12-piece S3 can be used as an extra-flat ratchet for sockets thanks to the combination ratchet spanners with change-over lever and ratchet adapters supplied.

The 29-piece S4 is the perfect set in 1/2" for all screw connections from 8 - 32 mm incl. spark plug inserts.

The 75-piece S5 is the complete set in 1/4" and 1/2" for all screw connections from 4 - 32 mm. Including bayonet plug-in handle and all important bits.

The 80-piece L1 contains all important sockets in 1/4" and 1/2" incl. removable S1 smartyBOX - for all screw connections from 4 - 32 mm.

The 42-piece L2 perfectly complements the L1 and contains everything an ambitious craftsman needs - pliers, hammer, spanners and screwdrivers and more.

Mini size: 95 (L) x 145 (B) x 50 (H) mm.

Compact in size: 156 (L) x 260 (B) x 63 (H) mm.

smartyBOX S0 c, 47 pcs

The SO Compact with its handy size of just 145 x 95 mm fits in any drawer, even in your desk or under the motorcycle seat.

Including the new MATADOR **ZSO_** 1/4" reversible ratchet with 90 teeth for the smallest gaps drives either 30 standard bits of high-alloy S2 material (25 mm), 6 extra-long screwdriver blades (75 mm) with color guide system for faster identification or sockets with double smart drive profile.

Everything is fit securely into MFS soft foam inlays and survives even the hardest fall.

Low budget universal box including the new MATADOR **ZSO_** 1/4" reversible ratchet.

Comes with everything needed for screw tasks from 4 - 14 mm. With innovative spinner handle that can be used as a multiscrewdriver and extends a total length of 370 mm.

smartyBOX S4, 29 pcs

CHROM VANADIUM

Chrome Vanadium Steel for high tenacity, exceeds temper values demanded according to DIN.

SUPER CHROM coating for perfect rust protection, cannot flake off.

Double Smart Drive profile both on hexagon and square side is gentle on the screw. And what's even more important: On the ratchet.

Double coating inside and outside, does not transfer surface rust.

Stamped mark (not only lasered) for permanent identification and manufacturer's notification.

Knurled zone for manual high-speed turning even with oily fingers.

The 29-piece S4 is the classic socket set in 1/2" for all screw connections from 8 - 32 mm. The ideal combination of ratchet, accessories and sockets. This standard equipment is supplemented by three sockets for spark plugs. All tools are housed in a soft foam insert to prevent shaking. Perfect for mobile use or simply in the workshop.

Focusing on the essentials.

Werkstattwagen RATIO "unlimited edition":

Covers 98% of all vehicle repairs.

Additional modules for automotive repair.

MTS unlimited edition: 8 modules with 350 high quality tools.

Which tools do you need?

It depends... Your tasks change.

Do you really want to spend your time looking for the right tools for your latest challenge? Do your new tools fit into the tool modules and tool storage system you already use? Probably not.

When you check the market you will find almost uncountable offers of fully equipped tool trolleys - but what do you really need? Save your time and keep an overview because we have a better idea:

We set up a comprehensive database including all equipped tool trolleys that we have ever supplied to BMW, Ford, Jaguar, Land Rover, Mercedes-Benz, Volkswagen and other customers, and we broke them down to the single tool.

Additionally, we included important **OEM specifications - like Volkswagen VAS 275 001** – and took the tool trolley range of other tool manufacturers into consideration.

The unsurprising result:

Around **88%** of the tools listed can be found in any specification because these tools are needed in every workshop.

We added another **10%** of tools that make sense and give you enough scope

for future tasks. So you do not need to look for further additions again.

What came out is our "MTS unlimited edition" with 350 tools that cover 98% of all application fields. It's a safe bet.

For the remaining 2% we saved you lots of time.

Make something out of it!

For automotive repairs we added two modules with a comprehensive 10 (3/8) socket set and another module for car body work.

You won't need more tools. For details please refer to:

Tool trolley RATIO "unlimited edition" with 350 high quality tools. The king among tool sets for automotive.

Details

Video

With innovative Z 90 ratchets with multi component handles.

Sockets in 6 star industrial quality with SUPER CHROM surface.

Innovative pliers set with 3KsoftGRIP handles and many special features.

High-quality screwdrivers set with ergonomic 2C handles.

Torsion bitbox with 32 pieces. Absorbs the power peaks.

100% quality, suitable for 98% of all tasks.

L-Key Wrenches

■ Short type, 9 pcs, in slide box

For hexagon socket screws, in plastic slide box, clearly arranged for quick removal.

Short type, 9 pcs, in a holder

For hexagon socket screws, in black softGRIP-holder, fully hardened.

■ Long type, 9 pcs, with Ball Point Head, in a holder

With ball point head on the long end, use in awkward areas, swivel angle up to 25°.

 Short type, 9 pcs, TORX®, in a holder

For inside TORX® screws, in black softGRIP-holder, fully hardened.

ART. CODE 0443 9091

www.matador.de

- High blade tension of 100 kg for straight, clean cuts with precise joints
- Lightweight aluminum frame with steel core for easy handling
- Grip with integrated clamping mechanism

ART. CODE 440 0786 0002 mm

Metal Saw Blade

High performance saw blade made of bi-metal HSS DMo5, 300 X 13 X 0,6 mm.

ART. CODE 300 0786 0003 mm

With reservoir for 9 saw blades.

Ideal for two-hands operation.

Alternative 55° blade alignment for a flush sawing of pins etc.

One-hand quick release mechanism.

Parallel Pin Punches, Set

All important parallel pin punches in practical black plastic holder.

		2 - 3 - 4 - 5 - 6 - 8 mm
ART. CODE 0718 9060	6	

Tool Set

Flat cold chisels, cross-cut chisel, center punch and taper punches in one set.

		125 - 150 mm
ART. CODE 0719 9060	6	

Flat chisel set

All common flat chisels in practical roll-up bag made of black imitation leather.

ART. CODE 0714 9050

■ Engineer's Hammer

Forged hammer head, Sideways smoothed and epoxy powdered. Handle fixed with round steel wedge and resin. With safety collar (tapered).

ART. CODE 500 g

Quality Cable Knife with wooden handle

The classic cable knife for each tool assortment. The blade folds away, with straight, hardened blade and round cable scraper. Moulded handle made out of wood. Material: Stainless steel.

ART. CODE 200 0825 0001 mm

■ Steel tape measure

Particularly stable, curved measuring tape with double scale and non-slip sliding hook for accurate inside and outside measurement. With automatic tape retraction and backstop.

ART. CODE 0798 0002

48 | **Be a MATADOR**.

Automotive Tools

■ Four Way Rim Wrenches

Welded version made out of chrome vanadium steel, with SK profile, works also on rounded nuts.

ART. CODE 0350 1001

■ Multi Wedge

For removing panels, cover clips, carpets, etc.

Very resistant material.

ART. CODE 210 0843 0004 mm

■ Wheel Bolt Cap Pliers

Special long flat nose pliers with notch, e.g. installing protective caps for aluminium wheel bolts, installation and removing blade fuses, comparable with VW 3314 / T20011.

ART. CODE 0585 0014

Panel Removal Kit5 pcs

Professional trim and panel removal kit.

ART. CODE 0843 9050 Strap Wrenches Pro

Heavy-duty construction for high torque values, for oil filters and other round shaped bodies.

ART. CODE 0426 0001

■ Tyre Levers

and aluminium rims,

also suitable for general purposes.

Steel Wire Brush with 5 rows

0754 0003

Bent type, with wooden handle, wire filled in 5 rows.

ART. CODE 290 0782 0001 mm

Oil Filter Socket

Fits all standard oil filter cartridges.

ART. CODE 0429 0001

Spark Plug Brush

For cleaning of electrodes and contacts on spark plugs.

ART. CODE 0781 0001

Grip Pliers

For securely holding, clamping and tensioning round, profile and/ or flat material

ART. CODE 250 0588 0250 mm 10"

www.matador.de Be a MATADOR. | 49

Everything for thread repair.

Drill. Cut. Sink.

Screw Extractor

Loosens nearly all damaged, unhardened and even rusty screws without thread repair tools. Since low-quality screws are becoming more prevalent, damaged and frayed screw heads are no longer an exception. Even the best screwdriver will be useless. The screw cannot be loosened. The solution: In most cases the screw can be loosened without employing laborious threading tools: Simply drive the tip of the the MATADOR ScrewIT! into the screw head by using a hammer, then unscrew the screw - done!

ART. CODE 0770 0002

Perfect for damaged or rusted screw heads.

With impact cap for aimed release of hammer force.

For all threads from M2.5 - M6.

Screw Extractor Set, 6 pcs

Unscrew old screw.

For unscrewing broken screws with a righthand thread and for removing torn pipe ends from fittings.

ART. CODE 0771 0002

Tool Holder with Ratchet, size 1, M3-M10

Hold threading tools.

Universal tool holder with ratchet and 2-jaw chuck. For all tools with square or hexagon shank (size 1). With Thandle for comfortable work and hardened, exchangeable parallel jaws. For taps and screw extractors M3 -M10 with a clamping range of 4.6 - 8.0 mm.

ART. CODE 0772 0001

Drill Set HSS-G, 1-10 mm, 19 pcs

Assortment with 19 high-performance twist drills from 1-10mm x 0.5mm increasing in a sturdy plastic case. Can be used in steel, cast steel alloyed and unalloyed up to 900 N/mm² strength, aluminum etc. From Ø 3.0 mm split point according to DIN 1412 C, right-hand cutting with a helix angle of 20 - 30° and the diameter tolerance h8 according to DIN 338.

*** HSS

straight grooved from 4-12mm (drilling steps in 1mm increments). 4-20mm and 6-30mm (drilling steps in 2mm increments) in a sturdy plastic case. For burr-free drilling and reaming of sheet metal, pipes and profiles and one-sided deburring in one operation.

3-piece step drill set,

Enlarge drillhole.

Inspection Tools.

To get to the bottom of it.

Compression spring joint with bayonet lock.

For assessing inaccessible places.

Inspection Mirror Set, 2 pcs

Getting closer.

The 2-piece MATADOR inspection mirror set is ideal for visual inspections in hard-toreach places. The quick identification of e.g. oil loss, corrosion or plug connections is no longer a problem. The telescopic arm can be extended from 250 mm - 890 mm and the head can be swiveled in all directions thanks to a spring-loaded double ball joint. The set includes two mirror sizes, which can be exchanged using a quick-change system with a bayonet lock. In a high-quality nylon bag with Velcro fastener.

ART. CODE 0876 0001

■ Inspection Set, 6 pcs

The full equipment for visual inspections.

The MATADOR inspection tool set includes a claw gripper, flexible shaft magnet lifter (length 500 mm), telescopic mirror (43 x 65 mm), LED penlight, telescopic magnet lifter, (length 150-660 mm) and scissor pliers. A 6-piece premium complete set in industrial quality with a service folder made of nylon for all types of visual inspections.

For adjusting the nozzles of windscreen washer systems (indicates the jet direction of the nozzle on the windscreen).

Torque wrenches UNO.

One window. One value. One grip. One click.

Make complicated things simple.

Easy setting at the end of the handle.

Only one window with clear numeric value in N·m.

Error-free handling thanks to double-sided finger grooves.

Integrated lever ratchet with small head to reach tiny areas.

Well protected in solid plastic

Extremely precise and easy to use.

The new professional torque wrench by MATADOR with an absolutety innovative operating concept:

Easy setting with extra fine graduation (from 0.5 N·m to 1.0 N·m on larger models), only one window with clear numeric value in N·m. No division scale which is difficult to read.

With small ratchet head to reach tiny spaces, with lever and 48 teeth, safety lock and quick-release function. Permanent protection of the body thanks to full powder coating.

The handy and ergonomically optimal design of the handle with its integrated finger grooves make the correct use a breeze. Clearly audible and perceptible signal when the desired torque value is reached.

The MATADOR UNO is extremely precise: maximum deviation only ±3% from the set scale value. For controlled clockwise operation. With German calibration certificate according to DIN EN ISO 6789.

From 1 - 1,000 N·m.

For industry and automotive.

Mini torque wrench EasyTorque.

For all fine screw connections in industry and craft.

The mini torque wrench for controlled right and left tightening, with integrated reversible ratchet and safety connection.

The tripping accuracy is a maximum of ±3% of the set scale value. Delivery with traceable factory calibration certificate according to DIN EN ISO 6789:2003.

Scale with N·m, audible and tactile short-path release, metal handle and simple locking

Robust tubular steel with a high level of corrosion protection, black anodised, easy to service (ratchet repair kits available), including operating instructions.

Calibration certificate and voucher for 1x free recalibration.

Extremely narrow head for tight spaces (only 19.5 mm).

Robust reversible ratchet with 72 teeth and safety connection.

Classified according to DIN EN ISO 6789:2003 Type II Class A with a traceable factory certificate.

Easy adjustment of the target value by pulling out of the fixing ring.

Black anodized metal handle.
