Workshop Trolley  
RATIO „Bodywork“, 299 pcs. 

Premium hand tools and more since 1900.

Be a MATADOR.

MATADOR is one of the **pioneers in the tool industry.**

**Since 1900** we have been producing **quality hand tools** „around the screw“ in Remscheid, the German capital of the tool industry. Our core competences are spanners, sockets, torque and pneumatic tools as well as modules for workshops. **For all kinds of screws from 3.2 to 230 mm.** 4,500 catalogue articles. Tried and tested a million times. Export in >70 countries. For ambitious users in industry, trade and the automotive industry. MATADOR is an **accredited supplier of all major OEMs** like Audi, Bosch, Ford, MAN, Mercedes-Benz, Volkswagen, Volvo, etc.

MATADOR is **the opposite of mainstream.**

We stand for upmarket premium tools. Reliable, design-focused, efficient. Intelligent tightening tools made for decision makers, fighters and **everyday heroes.**

For real MATADORS.

For people who know and express what they want. People **who are inside the arena**, not in the stands. Who know **the difference between tools and toys.** Who do not seek excuses and are true to themselves. Past and present. For down-to-earth, straightforward and assertive individuals with life experience and stories to tell. Who overcome adversity, manage a healthy work-life balance and **believe in themselves.**

Welcome to the arena.

**Be a MATADOR.**

**Since 1900.**

## Tool trolley **RATIO**.

One for everything. 7 drawers. Spacious, solid and loadable.

Our topseller **RATIO with 7 drawers** with highly resistant powder coating (**black, RAL 9005**), drawer handles made of aluminium.

**High-quality and modern professional workshop trolley** with **comfortable working height** (1,030 mm) and very sturdy handle that can be mounted on both sides. Solid ABS worktop with various small parts compartments and practical holders for cans. Extremely scratch-resistant and **durable powder coating** for tough everyday workshop use.

**The rounded edges** and the **integrated rubber bumper** on the corner pillars protect the vehicle and body. With practical **square perforation (10x10)** on both side walls for accessories (e.g. hooks, waste containers, etc.).

The **heavy-duty ball-bearing fixed castors** with **solid rubber tyres** have 2 swivel castors with locking brake and 2 fixed castors and can support **loads up to 550 kg**.

The drawers have a proven **3-stage locking system** with central locking, anti-tilt and individual locking. **Genuine full extension (100%)** with ball bearing ball-bearing high-performance runners, individually loadable up to 40 kg. Including **pictogram labels** for individual drawer labelling and quick orientation.

5 drawers (H 75 mm),  
2 drawers (H 150 mm).

## Brings order to your workshop.

Full extension drawers (100%), loading capacity up to 40 kg per drawer.

Durable ABS worktop with several compartments for small parts.

Holder for chemical cans or small parts.

■ Workshop trolley RATIO „Bodywork“, 299 pcs

6.3 <sup>1</sup>/<sub>4</sub> 10 <sup>3</sup>/<sub>8</sub> 12.5 <sup>1</sup>/<sub>2</sub>

The „Bodywork“ tool range was put together by specialists specifically for all bodywork work on motor vehicles and contains 299 tools in two-tone MTS-E inserts. All the essential tools for a professional mechanic are included.

It contains:

- Combination spanners DIN 3113 B, deep offset, for applying extra high torque, e.g. with tight screws, SW 6 - 32mm
- Socket set with 6.3 mm (1/4"), 10 mm (3/8") and 12.5 mm (1/2") drive,, sockets 4 - 32 mm
- Comprehensive assortment of screwdriver sockets for slotted, PH, hex and TORX® screws (e.g. E4 - E11, T8 - T40)
- 4 pcs. pliers set with **3KsoftGRIP** handles
- Screwdriver set with wooden handles and impact cap, the classic screwdriver
- All important precision screwdrivers and specially angled screwdrivers for loosening panels or panels

**Incl. the new Z90 lever ratchets with 90 teeth.**  
More teeth. More power. More grip. More applications. More design.

Light grey, soft zone made of **TPE plastic**, especially anti-slip, for good grip and a comfortable support to the fingers.

**25%**

**reduced angle (only 4°)** compared to standard fine-toothed ratchets thanks to an **innovative 90-teeth technique**. Still ready for working even when it gets really tight.

**50%**

**more torque** than requested in the DIN standard (e.g. 12.5 mm (1/2") > 750 N·m). Still loosens screws when others have long given up.

Recessed, **flat lever** for quick change of direction.

Extremely robust square shank made of **Chrome Vanadium steel** for high resilience in every situation.

**Push-button lock** for a safe connection between ratchet and socket.

**4°**

# Extremely fine toothed, extremely strong, extremely ergonomic.

**Medium grey, nubby zone** made of TPE plastic, large area for non-slip grip and transmission of high powers.

**Black, hard zone** made of special plastic for quick gripping without sticking.

Ergonomic and comfortable thumb rest.

Practical **hanging loop** to secure the ratchet during construction work or to hang on a tools panel.

## max.

**ergonomics** thanks to multi-component handle, better than standard 1- or 2-component handles. Optimally adapted, spherical shape.

## MATADOR Sockets: 6 Stars comfort.

**CrV**  
CHROM  
VANADIUM

Chrome Vanadium Steel for high tenacity, exceeds temper values demanded according to DIN.

**SUPER CHROM** coating for perfect rust protection, cannot flake off.

Double Smart Drive profile both on hexagon and square side is gentle on the screw. And what's even more important: On the ratchet.

Double coating inside and outside, does not transfer surface rust.

Stamped mark (not only lasered) for permanent identification and manufacturer's notification.

Knurled zone for manual high-speed turning even with oily fingers.

**Workshop Trolley**  
**RATIO „Bodywork“, 299 pcs.**
